PREFACE

Crime in Illinois 1980 is the ninth annual publication by the Department of Law Enforcement since it became the central repository and custodian of state crime statistics.

Administration of the Uniform Crime Reporting Program entails monthly submissions by more than 1,000 law enforcement agencies throughout Illinois. When verified, correlated and analyzed, these statistics constitute a comprehensive body of knowledge that significantly contributes to management and planning capabilities at the local, state and federal levels. In recent years, that contribution has become more important as general economic constraints require all sectors of law enforcement to seek optimum results with available resources.

Since its implementation, the Uniform Crime Reporting Program has achieved both qualitative and quantitative advances through the dedication and cooperation of participating agencies. I am confident that trend will continue.

With gratitude to all those who contributed in its preparation, I present the following report to the people of Illinois.

A handwritten signature in dark ink, reading "James B. Zagel". The signature is written in a cursive style with a large, stylized "J" and "Z".

James B. Zagel
Director
Department of Law Enforcement

FOREWORD

The Illinois Uniform Crime Reporting program is a system of collecting and analyzing crime statistics gathered from participating law enforcement agencies throughout the State. Since 1972, the Division of Support Services' Bureau of Identification has been responsible for collecting and disseminating Illinois Uniform Crime Reporting information. *Crime in Illinois 1980* is a comprehensive summary of data collected during this, the program's ninth year of operation. The most accurate information available was utilized in generating statistics contained in this report.

Although initially designed as a management tool for law enforcement executives, the use of UCR data has greatly expanded. Now—because of the growing awareness that the measure of criminal activity is relevant to a wide variety of fields—the demand for UCR statistics from various public and private sources continues to increase yearly. These statistics have become the primary vehicle used in evaluating levels of criminal activity throughout the State and the nation.

I want to express my gratitude to those agencies which have participated in this year's program. Although we are constantly seeking new and better methods of collecting and reporting crime data, without the continued cooperation and support of local law enforcement agencies, the timely and accurate publication of crime data would be impossible.

A handwritten signature in dark ink, reading "Sam W. Nolen". The signature is fluid and cursive, with the first letters of each word being capitalized and prominent.

Sam W. Nolen
Deputy Director
Division of Support Services

INTRODUCTION

THE ILLINOIS UNIFORM CRIME REPORTING PROGRAM

The Illinois Uniform Crime Reporting (I-UCR) Program was developed in 1971 and implemented January 1, 1972. The I-UCR program has evolved into a program intended to meet the needs of all reporting agencies. It is an incident based reporting system designed to accomplish the following major goals:

1. To provide needed administrative statistics for law enforcement agencies.
2. To provide the Legislature with information necessary to formulate effective laws which address the crime problem.
3. To provide Illinois citizens with the most complete information on the nature and extent of crime.
4. To include comprehensive data for researchers and planners.
5. To adhere to the National Program's standards.

Reporting crime statistics is mandated by Chapter 38, Section 206-8 of the *Illinois Revised Statutes* and is quoted below:

206-8. Crime Statistics. 8. The Department (of Law Enforcement) shall be a central repository and custodian of crime statistics for the State and it shall have all power incident thereto to carry out the purposes of this Act, including the power to demand and receive cooperation in the submission of crime statistics from all units of government.

All reporting agencies receive monthly and quarterly summaries of the reported criminal activity within their jurisdictions. All offenses known to law enforcement agencies are reported monthly to the Crime Studies Section of the Bureau of Identification. Participating jurisdictions include villages, municipalities, counties, colleges, universities, park districts, railroads, hospitals, and transit authorities throughout Illinois. Agencies may also submit service codes and local ordinance data in order to provide law enforcement administrators with information for use in planning and research, manpower determination and utilization, budgeting, and the development and evaluation of crime prevention programs.

In 1980, there were 1,070 law enforcement agencies in Illinois, 714 of which reported crime statistics directly to the Bureau of Identification. The remaining agencies reported their crime statistics through an intermediary agency (Sheriff's Office, Police Department, etc.). Agencies submit their data through the use of source documents, printouts, magnetic tape, punch cards, or via remote on-line terminals. The following is a breakdown by type of agency reporting directly to the I-UCR program:

Agency Type	Number
Police Departments	537
Sheriff's Offices	102
Colleges and Universities	24
Secretary of State	1
Railroads	15
Special Services	4
Park Districts	4
Hospitals	2
Illinois State Police Districts	24
Division of Criminal Investigations	1

CLASSIFICATION OF OFFENSES

The Index Crimes, as used by the I-UCR program, and as translated into the National Program's crime index offenses, are:

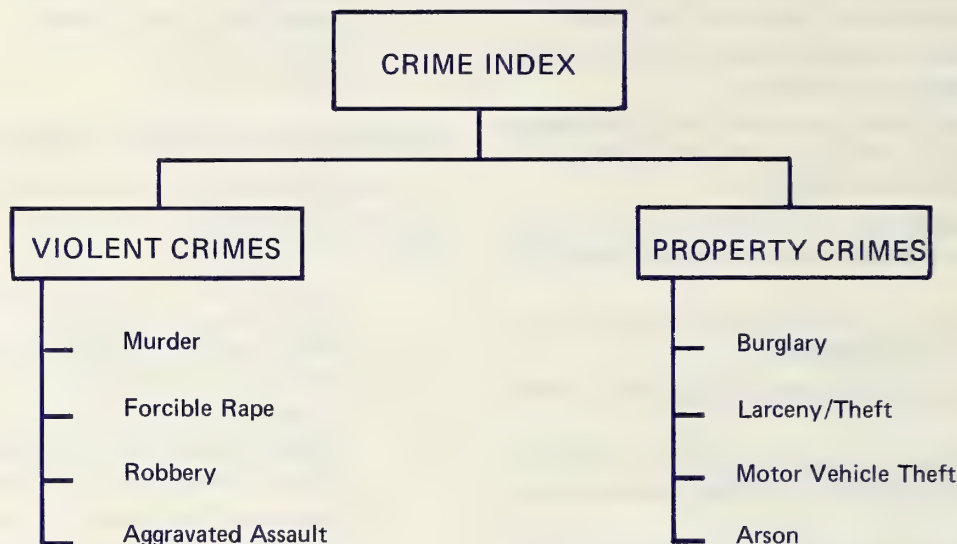

1. Murder and Voluntary Manslaughter—The willful killing of a person or the death of a person caused by gross negligence of an individual other than the victim.
2. Forcible Rape—The carnal knowledge of a female, forcibly and against her will. This category includes Attempted Rape.
3. Robbery—The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence. Includes Attempted Robbery.
4. Aggravated Assault—The intentional causing of serious bodily harm or the intentional attempt or threat of serious bodily injury or death. In Illinois, Aggravated Assault, Aggravated Battery, and Attempted Murder are included in this category.
5. Burglary—The unlawful entry of a structure to commit a felony or theft. Includes Attempted Burglary.
6. Theft—The unlawful taking or stealing of property or articles without the use of force, violence, or fraud. In Illinois, this category includes Burglary From Motor Vehicle and Attempts.
7. Motor Vehicle Theft—The unlawful taking or stealing of a motor vehicle. Includes Attempted Motor Vehicle Theft.
8. Arson—The willful or malicious burning or attempts to burn, with or without intent to defraud, a dwelling house, public building or any building, motor vehicle or aircraft, or personal property of another.

In 1979, Congressional legislation mandated the FBI to reclassify Arson as a Part I Index Crime in the National UCR Program. The Illinois—UCR Program implemented the change with the reporting of the 1980 data.

The statistics utilized in this report are based on offenses which occurred between January 1, 1980, and December 31, 1980.

THE CRIME INDEX

The Crime Index is used to indicate the amount and extent of serious crimes as defined by the International Association of Chiefs of Police Committee on Uniform Crime Reports. The Crime Index consists of Violent Crimes and Property Crimes. Murder, Rape, Robbery, and Aggravated Assault are classified as Violent Crimes. Burglary, Theft, Motor Vehicle Theft, and Arson comprise the Property Crimes within the Crime Index. The Crime Index is the total number of Index Offenses occurring within a given jurisdiction during a specified period of time. The following illustrates the relationship of the eight Index Offenses that compile the Crime Index:

THE CRIME RATE

The Crime Rate indicates the volume of crime occurring within a given population. It is defined as the total number of Index Crimes per 100,000 inhabitants and it is calculated as follows:

$$\text{CRIME RATE} = \frac{\text{Crime Index} \times 100,000}{\text{Jurisdictional Population}}$$

The jurisdictional population can be that of a city, town, village, state or nation.

CONSIDERATIONS FOR INTERPRETATION

When comparing the crime statistics of one agency with another, many factors should be taken into consideration before conclusions are made. Some of the conditions affecting the type and volume of crime occurring are:

1. Density and size of the community population and the metropolitan area of which it is a part.
2. Composition of the population with reference particularly to age, sex, and race.
3. Economic status and mores of the population.
4. Stability of population, including commuters, seasonal workers, and other transient types.

5. Climate, including seasonal weather conditions.
6. Educational, recreational, and religious characteristics.
7. Effective strength of the police force.
8. Standards of appointments to the local police force.
9. Policies of local officials.
10. Attitudes and policies of the courts and corrections.
11. Attitudes of the public toward law enforcement problems.
12. Administrative and investigative efficiency of law enforcement, including the degree of adherence of crime reporting and standards.
13. Organization and cooperation of adjoining and overlapping police jurisdictions.¹

STATE SUMMARY

As discussed in the introduction, the Crime Index consists of eight statistical classifications as defined by the National Program. Arson, being the newest of the Crime Index offenses, has not been included in the

offense totals to allow for comparison of 1980 and 1979 data. However, arrest information includes Arson figures for both years. The relationship between the Illinois Uniform Crime Reporting offense classifications and the National Program's offense classification is illustrated below:

Crime Index Offenses

	ILLINOIS CLASSIFICATIONS	FBI-UCR CLASSIFICATIONS
VIOLENT CRIMES	Murder (Chapter 38-9-1)	Murder & Non-negligent Manslaughter
	Voluntary Manslaughter (Chapter 38-9-2)	
	Rape (Chapter 38-11-1)	Forcible Rape
	Robbery (Chapter 38-18-1)	Robbery
	Armed Robbery (Chapter 38-18-2)	
	Attempted Murder (Chapter 38-8-4)	Aggravated Assault
	Aggravated Assault (Chapter 38-12-2)	
PROPERTY CRIMES	Aggravated Battery (Chapter 38-12-4)	
	Burglary (Chapter 38-19-1)	Burglary
	Theft (Chapter 38-16-1)	Larceny/Theft
	Burglary From Auto (Chapter 38-19-1)	
	Vehicle Theft (Chapter 38-16-1)	Vehicle Theft
	Arson (Chapter 38-20-1)	Arson

The data presented represents offenses reported by the 1,070 law enforcement agencies in the State; 714 of which report directly to the Bureau of Identification and 356 small departments that report through other agencies.

It should be noted that the manner in which the 1980 Crime Index data is presented has changed slightly.

All totals shown for each category of offense and arrest information reflects data reported by Sheriffs' Offices, Police Departments, Colleges and Universities, and the Secretary of State's Office. It does not include offense data reported by the Illinois State Police as presented in *Crime in Illinois* (1978).

Figure 1, shown on page 4, illustrates the population trends for Illinois since 1810. The population figures are the basis for computing the Crime Rate and therefore become a Consideration for Interpretation as explained on page 2.

Table 1 details the total Crime Index for 1980 and includes for comparison, figures reported from 1978. The Crime Index increased in volume in 1980, as compared to 1979. A total of 592,989 Crime Index Offenses (minus Arson) were reported in 1980 as compared to the 573,947 Crime Index Offenses re-

ported in 1979, an increase of 3.3 percent. Violent Crimes, or Crimes Against Persons, accounted for 55,774 Index Offenses, or 9.4 percent of the total. This is an increase of 4.2 percent over the volume of Violent Crimes reported in 1979. Crimes Against Property totaled 537,215 offenses or 90.6 percent of the total Crime Index. The number of Crimes Against Property represents an increase of 3.2 percent when compared to the 1979 total of 520,416.

The Crime Rate for each Index Offense is also illustrated in Table 1. The Crime Rate per 100,000 inhabitants for all Crime Index Offenses increased by 2.3 percent when compared to 1979. The category of Robbery increased the most in its Crime Rate per 100,000 inhabitants of the Crime Index Offenses in 1980; this crime classification's Crime Rate increased by 10.0 percent. The categories of Forcible Rape and Motor Vehicle Theft showed the greatest decrease in the Crime Rate per 100,000 inhabitants, both decreasing 8.6 percent. Further details are illustrated in Table 1.

A detailed look at each of the Crime Index Offenses follows the collected data on Crime Index Arrests. Each of the Crime Index Offenses is defined according to the *Illinois Revised Statutes*, 1978, in the glossary.

Table 1
CRIME INDEX OFFENSES

1980	11,351,641	+ 1.0	592,989	+ 3.3	5223.8	+ 2.3

Crime Rate = Crime Index per 100,000 population.

CRIME INDEX ARRESTS

Changes in the classification and scoring procedures for the 1980 UCR Program have been reflected in all arrest figures in the following manner:

- 1) Arson figures are included in the Crime Index Arrests and the Crimes Against Property Arrests due to using the same scoring procedures to collect the 1980 and 1979 data.
- 2) The Office of Management and Budget revised the standard classifications for the collection of data on race and ethnicity for 1980. Therefore, detailed 1979 race data is not applicable for comparison with 1980 data.

There were 134,279 persons arrested for Crime Index Offenses in 1980. This total represents an increase of 8.9 percent as compared to the number of persons arrested in 1979. Adults arrested accounted for 69.6 percent of the total and juveniles accounted for 30.4 percent. Males arrested represented 81.7 percent while females represented 18.3 percent of the total. Whites arrested for Index Crimes totaled 57,626 or 42.9 percent, Negroes arrested 66,447 or 49.5 percent, and all other races totaled 10,206 or 7.6 percent. Table 2 details the arrest figures for Crime Index Offenses and compares them to the 1979 arrest figures.

CRIMES AGAINST PERSONS

The Violent Crimes, or Crimes Against Persons, consist of Murder and Voluntary Manslaughter, Forcible Rape, Robbery, Aggravated Assault, Aggravated Battery, and Attempted Murder. A total of 55,774 Violent Crimes were reported in 1980. Chart 2 depicts the comparison trend and specific data of Crimes Against Persons beginning with the year 1971. In 1980, Violent Crimes increased in volume by 4.2 percent as compared to 1979 when 53,531 Violent Crimes were reported. Crimes Against Persons accounted for 9.4 percent of the total Crime Index. Each of the Violent Crimes will be presented separately in this section, following a review of the data on persons arrested for Violent Crimes.

**Chart 2

Crime Rate = Crime Index per 100,000 population.

CRIMES AGAINST PERSONS ARRESTS

Arrests made for offenses in the Crimes Against Persons or Violent Crimes category are illustrated in Table 3. The total number of persons arrested for Violent Crimes in 1980 was 19,899 or 14.8 percent of all Index Crimes Arrests. Males arrested totaling 18,448 accounted for 92.7 percent of these arrests while females totaled 1,451 or 7.3 percent. Whites arrested accounted for 7,271 or 36.6 percent, Negroes arrested accounted for 11,150 or 56.0 percent; and all other races accounted for 1,478 or 7.4 percent of the total. The percent of change of arrests for this offense category comparing 1980 to 1979, is detailed in Table 3.

MURDER AND VOLUNTARY MANSLAUGHTER

The Crime Index Offenses of Murder and Voluntary Manslaughter are merged in accordance with the National Program definition and are based solely on police investigation. Law enforcement agencies reported 1,206 of these crimes during 1980.

Some of the charts and figures illustrating the 1979 data reported about Murder and Voluntary Manslaughter reflect the total 1,199. Ordinarily, homicides are reported to the I-UCR Program by local Police Departments and Sheriffs' Offices. During 1979, the Illinois State Police reported five murders. These five homicides are not included in the State totals shown in the Crime Index Offenses, the Standard Metropolitan Statistical Areas, and the Offense Summary.

**Chart 3
MURDER AND VOLUNTARY MANSLAUGHTER TREND
1971-1980**

YEAR	POPULATION	% CHANGE	VOLUME	% CHANGE	CRIME RATE	% CHANGE
1971	11,182,000	+ 0.6	1069	+ 0.3	9.6	N/C
1972	11,244,000	+ 0.6	968	- 9.5	8.6	- 13.5
1973	11,176,000	- 0.6	1157	+ 19.5	10.4	+ 20.9
1974	11,131,000	- 0.4	1319	+ 14.0	11.8	+ 13.5
1975	11,145,000	+ 0.1	1171	- 11.2	10.5	- 11.0

1977	11,245,000	+ 0.1	1119	- 3.0	10.0	- 2.9
1978	11,243,000	- 0.02	1151	+ 2.9	10.2	+ 2.0
1979	11,243,000	0.00	1199	+ 4.2	10.7	+ 4.9
1980	11,351,641	+ 1.0	1206	+ .6	10.6	+ .9

Crime Rate = Crime Index per 100,000 population.

The long-term trend of Murder and Voluntary Manslaughter is illustrated in Chart 3. The number of homicides increased by 0.6 percent as compared to 1979 when there were 1,199 reported Murders and Voluntary Manslaughters. An analysis of these two offenses indicates that Murder and Voluntary Manslaughter are difficult to prevent by law enforcement alone because the majority of the crimes are committed by persons known to the victim.

Table 4 displays the number of incidents of the Crime Index classification by month, compares the 1980 figures to 1979 figures, and illustrates the distribution of occurrence of these two offenses over the year's time span.

**Table 4
MURDER AND VOLUNTARY MANSLAUGHTER

TOTALS	1206	1204	+ 0.2	100.0	100.0

On the following two pages, Tables 5 and 6 are presented to further illustrate the specific data collected about the types of Murder and Voluntary Manslaughter reported during 1980 and compares the data to the 1979 figures. Table 5 is a summary of the relationship between the victim and offender and a summary of the victim's sex and race. In order to clarify the three types of relationships between the victim and offender, the following explanation is in order.

Type I is that relationship whereby the victim and the offender were part of the same family unit. This category includes common-law spouses and in-laws.

Type II is that relationship whereby the offender and victim were known to each other but were not part of the same family unit. Former spouses and homosexual relationships are included in this grouping.

Type III is that relationship whereby the victim and offender were strangers to one another or the relationship was unknown to the reporting law enforcement agency.

MURDER AND VOLUNTARY MANSLAUGHTER BY RELATIONSHIP AND VICTIM'S SEX AND RACE

1980/1979

[illegible]

TYPE II VICTIM AND OFFENDER KNOWN TO EACH OTHER BUT NOT SAME FAMILY UNIT

TYPE III VICTIM AND OFFENDER STRANGERS TO EACH OTHER

STATE TOTAL FOR YEARS 1980 TO PRESENT INCLUDES POLICE DEPARTMENTS, SHERIFF OFFICES, UNIVERSITIES/COLLEGES AND SECRETARY OF STATE.
STATE TOTAL FOR YEARS 1978 AND 1979 INCLUDES POLICE DEPARTMENTS, SHERIFF OFFICES AND UNIVERSITIES/COLLEGES.

Table 5 indicates that the Type III relationship, in which the victim and offender were strangers to each other, represented 46.1 percent of the total. The Type III relationship

In 1980, males accounted for 79.3 percent of the victims, with females accounting for 20.7 percent. Whites represented 38.8 percent of the victims, Negroes represented 59.5 percent of the victims, and all other races represented 1.7 percent of the victims. Refer to Table 5 for monthly breakdowns of these figures.

Table 6 details information concerning the type of weapon used to commit Murder and Voluntary Manslaughter in 1980 and compares the data to the 1979 figures. The handgun was used in 659 instances or 54.6 percent of all homicides. The second most frequently used weapon was the knife, which was utilized to commit 242 Murders and Voluntary Manslaughters, or 20.1 percent of the total. Further details are provided in Table 6.

In Table 7, a monthly breakdown of Murders and Voluntary Manslaughters reported in 1980 by situation is presented. The most frequently occurring situation is that of Single Victim/Single Offender. This situation type represents 58.5 percent of the total number of this Crime Index Offense occurring in 1980. The month of July had the highest number of Situation A types reported. Likewise, Situation E, Multiple Victims/Multiple Offenders represented 0.6 percent of the total, the least frequently occurring situation type during 1980.

The number of situations illustrated in Table 7 reflects the number of incidents of Murder and Voluntary Manslaughter. There were 1,206 murders in 1980; this figure is broken down into the six types of situations to detail the circumstances of these two offenses. In other words, there were 1,130 incidents of Murder and Voluntary Manslaughter in 1980, with a total of 1,206 victims. Situations D, E, and F, those with multiple victims, account for the difference between the number of Murders and Voluntary Manslaughters and the number of situations.

**MURDER AND VOLUNTARY
MANSLAUGHTER ARRESTS**

There were 1,232 persons arrested for Murder and Voluntary Manslaughter in 1980. As Table 8 illustrates, this figure represents a decrease of 4.2 percent in arrests made in 1979 for this crime category. Males

arrested represented 89.4 percent of this total while females arrested represented 10.6 percent of the total. Whites arrested totaled 231 or 18.7 percent. Negroes arrested totaled 786 or 63.8 percent, and other races arrested totaled 215 or 17.5 percent of those arrested. Table 8 details these arrest figures and compares the 1980 data to that of 1979.

FORCIBLE RAPE

There were 3,032 reported Rapes in 1980. This figure represents 5.4 percent of the Violent Crimes committed and 0.5 percent of all Crime Index Offenses. Rape offenses decreased by 7.5 percent from 1979. In 1979, 3,279 Rapes were reported. The Crime Rate for Rape in 1980 was 26.7 per 100,000 inhabitants. This represents a decrease of 8.6 percent in the Crime Rate from 1979, which was 29.2 per 100,000 inhabitants. Chart 4 illustrates the Forcible Rape Comparison Trend since 1971. Further details about this Crime Index Offense are offered in this chart.

Crime Rate = Crime Index per 100,000 population.

FORCIBLE RAPE ARRESTS

Table 9 illustrates the arrests made for Forcible Rape during 1980 as compared to 1979. The 1,592 males arrested accounted for 99.1 percent of the total. There were 411 whites arrested, accounting for 25.6 percent of the total; 1,042 Negroes arrested or 64.9 percent of the total; and there were 153 persons of other races arrested, or 9.5 percent of the total. Adults arrested represented 88.9 percent of the total and juveniles arrested represented 11.1 percent of the total.

ROBBERY

Robbery, by definition, includes assault and/or battery with the intent to deprive the person of property or to commit a theft. It is considered a Violent Crime Against Persons although for reporting purposes in the Illinois UCR Program, it is scored as a property loss offense.

There were 24,546 Robberies reported in 1980, a figure which represents 44.0 percent of the Crimes Against Persons and 4.0 percent of all the Crime Index Offenses. The Robbery figures represent an increase in volume of 11.1 percent as compared to the 1979 Robbery figures. The Crime Rate for Robbery in 1980 was 216.2 per 100,000 inhabitants. In 1979, the Crime Rate was 196.6 per 100,000 inhabitants. The 1980 figure represents an increase of 10.0 percent in the Crime Rate. Chart 5 depicts the overall Robbery Comparison Trend since 1971.

Crime Rate = Crime Index per 100,000 population.

Table 10 details the types of Robbery by Type of Weapon as reported to the I-UCR Program. Strong-Arm—No Weapon Used was the most common type of Robbery, 38.6 percent of the total. Robbery with the use of a firearm was the second most common type of Robbery reported, representing 38.0 of the total. A Strong-Arm Robbery is one where a certain degree of force but no weapon is used to commit the crime. There were 14,136 Armed Robberies reported in 1980, not including the 433 Attempted Armed Robberies. This total of 14,136 accounts for 57.6 percent of all Robberies. Strong-Arm Robberies, not including attempts, accounted for 9,478 or 38.6 percent of the total while Attempted Robberies, Armed or Strong-Arm, totaled 932 or 3.8 percent of the total.

**Table 10

Attempt - Armed Any Weapon	433
Attempt - Strong Arm	499
TOTAL	24,546

Table 11 displays the details of persons arrested for Robbery during 1980 and includes a comparison of the 1979 figures. The 9,474 persons arrested represented an increase of 9.4 percent from arrests made during 1979 for Robbery. Males accounted for 94.5 percent of the total while females represented 5.5

percent. Whites arrested totaled 18.1 percent, Negroes arrested totaled 73.5 percent, and all other races totaled 8.4 percent. Adults arrested for Robbery represented 67.7 percent of the total while juveniles arrested accounted for 32.3 percent.

Table 12 presents an analysis of Robbery by Place, detailing the value of property stolen, recovered, and destroyed. Most Robberies reported during 1980 occurred in highways, streets, and alleys; a total of 11,900 offenses in this place type were reported, representing 50.3 percent of the number of Robberies scored with property information. Private residences represented the second highest location, with 2,909 offenses or 12.3 percent of the total. Property stolen in committing Robbery amounted at \$9,318,684 in 1980. Of this total, \$2,934,383 worth of property was recovered and \$10.764 was destroyed.

It is important to note the discrepancy between the Crime Index Report which shows a total of 24,546 Robberies reported in 1980, and Table 12 which indicates 23,636 Robberies were reported in 1980. The difference is made up of Attempted Robberies which are not included in the Analysis By Place and offenses of Robbery reported by law enforcement agencies on the property analysis but not included on the offense report.

AGGRAVATED ASSAULT, AGGRAVATED BATTERY, AND ATTEMPTED MURDER

These three offenses make up the Aggravated Assault category of the National Program. The offenses of simple battery, simple assault, battery or assault without intent to do great bodily harm, and reckless conduct are not included in this crime category. These other offenses are included in the I-UCR Program under a sub-category in order to be consistent with the National Program.

Aggravated Assault, Aggravated Battery, and Attempted Murder accounted for 26,990 offenses in 1980. This represents an increase in volume of 0.1

percent from 1979 when 26,952 of these offenses were reported. The offense figures of this crime category for 1980 represent 48.4 percent of the Crimes Against Persons and 4.6 percent of the Crime Index Offenses. The Crime Rate for these three offenses in 1980 was 237.8 per 100,000 inhabitants, a decrease of 0.8 percent of the Crime Rate for this crime category for 1979, which was 239.7 per 100,000 inhabitants. Chart 6 further illustrates the crime trend for Aggravated Assault, Aggravated Battery, and Attempted Murder. Details of each of the three offenses can be found in the Offense Summary.

Chart 6

AND ATTEMPTED MURDER TREND
1971-1980

Table 13 depicts the types of weapons used in this offense classification during 1980. The use of knives or other cutting instruments occurred most frequently, 29.6 percent of the time. The table shows a breakdown of the type of weapon used for each of the offenses compiling this Crime Index Classification. The use of firearms occurred in 26.1 percent of the cases reported. Refer to Table 13 for other weapon-related statistics.

ARRESTS**

In Table 14, the figures for persons arrested for this Crime Index Offense classification in 1980 are presented. The total of 7,587 accounts for 38.1 percent of the arrests made for Crimes Against Persons and 5.7 percent of arrests made for Crime Index offenses. Males arrested totaled 6,804 or 89.7 percent, while females totaled 783 or 10.3 percent. Adults represented 88.4 percent of the total, and juveniles repre-

sented 11.6 percent of the total. Table 14 indicates Whites accounted for 4,911 persons arrested, or 64.7 percent; Negroes accounted for 2,363 persons arrested, or 31.2 percent; and all other races accounted for 313 persons arrested, or 4.1 percent. The arrest figures of 1980 are compared to those of 1979 in Table 14.

CRIMES AGAINST PROPERTY

Burglary, Theft, Motor Vehicle Theft and Arson make up the category of Crimes Against Property. Each will be considered separately in this section along with an analysis of the Non-Crime Index Offense of Vandalism. Since Arson was not a Crime Index Offense in 1979, it has not been included in the Crimes Against Property Offense totals. This allows for accurate comparison with the 1979 data. However, arrest information includes Arson figures for both years.

Property Crimes amounted to 537,215 incidents in 1980 or 90.6 percent of the total Crime Index Offenses. This figure reflects an increase of 3.2 percent as compared to the volume reported in 1979. In 1979, the number of Property Crimes reported totaled 520,416 or 90.7 percent of the Crime Index. Chart 7 depicts the

Crime Rate = Crime Index per 100,000 population.

long-range comparison trend of Crimes Against Property since 1971. The Crime Rate of this offense category is also illustrated, indicating an increase of 2.2 percent from 1979.

CRIMES AGAINST PROPERTY ARRESTS

In 1980, there were 114,380 persons arrested for Crimes Against Property, representing 85.2 percent of the Crime Index Offenses Arrests. The 1980 figures show an increase of 10.7 percent as compared to 1979, when a total of 103,332 persons were arrested for Property Crimes. Males accounted for 79.7 percent of the 1980 total, and females accounted for 20.3 percent. Whites arrested for property type offenses totaled 50,355 or 44.0 percent and Negroes totaled 55,297 or 48.3 percent. Further details of these arrests are presented in Table 15, including a comparison of the 1979 arrest figures.

TOTAL	114,380	103,332	+ 10.7

At the end of the analysis of each Property Crime, there are several summary tables of data. Table 30 is the Annual Property Analysis by Offense, Table 31 is the Annual Property Summary by Place, and Table 32 is the Annual Property Summary by Property Type. The property summaries include the Crime Index Offenses, and the Non-Crime Index Offenses of Deception and Vandalism; therefore, the total number of offenses shown on each does not correlate to the Crime Index totals.

BURGLARY

The Illinois Uniform Crime Reporting Program has two categories of Burglary: Burglary from Motor Vehicle and Burglary. The Burglary from Motor Vehicle is treated as Theft on the National level in the Index Crime called Theft/Larceny. In order to be consistent with the National Program, the Illinois statute for Burglary is divided in order to collect and disseminate statistics by State law. Data related to Theft will include Burglary from Motor Vehicle data.

Burglaries accounted for 139,779 offenses in 1980, or 26.0 percent of the Crimes Against Property. This figure represents an increase in volume of 6.2 percent as compared to 1979. The Crime Rate per 100,000 inhabitants for Burglary also increased from 1979 by 5.2 percent. Chart 8 illustrates the Burglary Comparison Trend since 1971 both in terms of volume and the Burglary Crime Rate.

Burglaries accounted for \$115,342,551 worth of stolen property in 1980, an increase of \$39,092,524 over 1979. Recovered property amounted to \$6,466,462. Burglaries occurring in residences accounted for 63,832 incidents or 49.8 percent of the total. Daytime Burglaries accounted for 42.7 percent of the total; nighttime Burglaries accounted for 31.5 percent of the Burglaries; and 17.5 percent were unknown as to time occurred, i.e., the victim was away from home and upon discovery of missing property or a forcible entry, the crime could not be pinpointed. The remaining 8.3 percent of the total consists of Burglaries that resulted in no property loss or where no property analysis was included when the offense was scored.

Jewelry ranked highest in property value stolen, \$21,542,129 followed by currency with \$8,814,313 worth reported stolen.

Crime Rate = Crime Index per 100,000 population.

BURGLARY ARRESTS

Burglary Arrests (not including arrests for Burglary from Motor Vehicles) totaled 23,775 in 1980, a 16.8 increase from 1979 when 20,357 persons were arrested for this Crime Index Offense. The 1980 figure accounts for 20.8 percent of the arrests for Crimes Against Property, and for 17.7 percent of arrests for Crime Index Offenses. Males arrested totaled 22,869 or 96.2 percent and females totaled 906 or 3.8 percent. Whites represented 47.5 percent of the total, Negroes represented 46.0 percent of the total, and all other races represented 6.5 percent of the total. Adults accounted for 14,448 arrests, or 60.8 percent and juveniles accounted for 9,327 arrests, or 39.2 percent. Further details on Burglary Arrests are presented in Table 16.

The I-UCR Program is assisting law enforcement agencies through the analysis of this and other crimes in terms of beat analysis, time of day of occurrence, analysis of persons arrested and residency, stolen property, and location analysis. Table 17 is such an analysis; it details Burglaries reported according to place and includes the stolen property values. Table 18 details Burglaries reported according to property type and value. The tables both show a total of 128,233 Burglaries while the Crime Index shows a total of 139,779 Burglaries. The difference of 11,546 consists of Attempted Burglaries which are not included on the property analysis reports, Burglaries that resulted in no property loss, and incidents reported as offenses with no property analysis included with the offense report.

THEFT

The category of Theft includes figures on Burglary from Motor Vehicle to maintain consistency with the National Program. There were 341,298 Thefts reported in 1980 representing 63.5 percent of the Crimes Against Property and 57.6 percent of all Crime Index Offenses. The number of Thefts increased by 4.1 percent as compared to the 1979 figures, thereby causing the Theft Crime Rate to increase to 3,006.6 per 100,000 inhabitants, an increase of 3.1 percent. Chart 9 depicts the Theft Comparison Trend, starting with the year 1971.

**Chart 9
THEFT TREND
1971-1980**

YEAR	POPULATION	% CHANGE	VOLUME	% CHANGE	CRIME RATE	% CHANGE
1971	11,182,000	+ 0.6	234,644	+ 4.1	2098.4	+ 3.4
1972	11,244,000	+ 0.6	227,296	- 3.1	2021.5	- 3.7

1974	11,131,000	- 0.4	297,858	+ 21.1	2675.9	+ 21.6
1975	11,145,000	+ 0.1	334,551	+ 12.3	3001.8	+ 12.2
1976	11,229,000	+ 0.8	329,898	- 1.4	2937.9	- 2.1
1977	11,245,000	+ 0.1	316,090	- 4.2	2810.9	- 4.3
1978	11,243,000	- 0.02	314,437	- 0.5	2796.7	- 0.5
1979	11,243,000	0.00	327,999	+ 4.3	2917.4	+ 4.3
1980	11,351,641	+ 1.0	341,298	+ 4.1	3006.6	+ 3.1

Crime Rate = Crime Index per 100,000 population.

THEFT ARRESTS

There were 83,847 arrests made for Theft and Burglary from Motor Vehicle in 1980, as illustrated in Table 19. This figure represents 73.3 percent of the arrests made for Crimes Against Property and 62.4 percent of the arrests made for Crime Index Offenses. It represents an increase of 11.7 percent as compared to the 1979 total of 75,041. Adults accounted for 59,157 arrests or 70.6 percent and juveniles accounted for 24,690 arrests or 29.4 percent. Males totaled 62,153 or 74.1 percent and females totaled 21,694 or 25.9 percent. Whites arrested represented 43.2 percent of the total, Negroes arrested represented 48.9 percent of the total, and all other races represented 7.9 percent of the total. Further comparisons can be seen in Table 19.

**Table 19
THEFT ARRESTS
1980/1979**

RACE			
	1980	1979	% of Change
White	36,259		
Negro	41,003		
Mexican	705		
Puerto Rican	1,904		
Asian/Pac. Islander	82		
Am. Indian/Alaskan	94		
Other Hispanic	3,800		
TOTAL	83,847	75,041	+ 11.7

AGE			
	1980	1979	% of Change
Adult	59,157	49,898	+ 18.6
Juvenile	24,690	25,143	- 1.8
TOTAL	83,847	75,041	+ 11.7

SEX			
	1980	1979	% of Change
Male	62,153	55,191	+ 12.6
Female	21,694	19,850	+ 9.3
TOTAL	83,847	75,041	+ 11.7

In Table 20 on the following pages, an analysis of Theft by Place is presented. This offense accounted for \$78,549,240 in stolen property in 1980, a 24.0 percent increase over 1979. Daytime Thefts accounted for 30.2 percent of the total. Nighttime Thefts accounted for 16.8 percent, and the number of Thefts occurring at an unknown time accounted for 41.8 percent of the total. The remaining 11.2 percent of the total number of Thefts are those incidents scored in this offense classification but were not accompanied with property analysis information. This discrepancy accounts for the difference in the total number of Thefts shown on the Crime Index, 341,298 and the number shown on the property analysis reports of 303,134.

Commercial businesses were the most frequent locations of Thefts in 1980, accounting for 31,932 or 10.5 percent of the total. Residence yards were the second most frequent locations accounting for 20,970 or 6.9 percent of the total. An analysis of Theft by Property Type indicates that currency had the highest value of stolen property at \$5,961,152 followed by bicycles at \$5,784,958. The property classification of currency has ranked highest in value stolen since 1977.

Tables 20 and 21, on the following pages, present an analysis of Theft by Place and by Property Type.

BURGLARY FROM MOTOR VEHICLE

In 1980, Illinois law enforcement agencies, excluding Chicago Police Department, reported 32,751 Burglaries from Motor Vehicle. Chicago reports the crime statistics for the sub-category in the Theft/Larceny Offense classification and the figures are not broken down to differentiate the Burglaries from Motor Vehicle. The 1980 figure represents a decrease of 2.7 percent from the 33,672 incidents of this offense reported in 1979.

Tables 22 and 23 follow the Theft analysis by place and property, and present data collected on Burglary from Motor Vehicle. Table 22 is an analysis of this offense sub-category by location and Table 23 is an analysis by property classification. As in 1979, Highways, Streets, and Alleys accounted for the highest place of occurrence, with 8,010 offenses, or 25.6 percent of the total. Tapes stand out as the most frequently stolen item, accounting for 47,203 tapes stolen or 16.8 percent of all items.

The total number of offenses listed above is 32,751 and the Offense Analysis reports in Tables 22 and 23 reflect a total of 31,298. The difference of 1,453 consists of Attempted Burglaries from Motor Vehicle, not included in these analysis reports, and incidents reported as this offense classification with no property analysis included with the offense report.

MOTOR VEHICLE THEFT

In 1980, Motor Vehicle Thefts totaled 56,138, a decrease in volume of 7.7 percent from 1979. This figure represents 10.5 percent of the Crimes Against Property and 9.5 percent of all Crime Index Offenses. The Crime Rate for this crime classification was 494.5 offenses per 100,000 inhabitants, a decrease of 8.6 as compared to the Crime Rate in 1979. Chart 10 illustrates the comparison trend for Motor Vehicle Thefts, beginning with figures from 1971.

The Motor Vehicle Theft analysis by place is presented in Table 25. The value of Motor Vehicle Thefts amounted to \$178,123,587 in 1980. Value recovered totaled \$99,704,389 or 56.0 percent of the total value stolen. The percent distribution column indicates the largest number of Motor Vehicle Thefts occurred on highways, streets, and alleys, at 14.4 percent, followed by 9.5 percent occurring in business parking lots.

Chart 10
MOTOR VEHICLE THEFT TREND
1971-1980

YEAR	POPULATION	% CHANGE	VOLUME	% CHANGE	CRIME RATE	% CHANGE
1971	11,182,000	+ 0.6	52,270	- 7.4	476.4	- 8.0
1972	11,244,000	+ 0.6	49,701	- 6.7	442.0	- 7.2
1973	11,176,000	- 0.6	57,776	+ 16.2	517.0	+ 17.0
1974	11,131,000	- 0.4	58,638	+ 1.5	526.8	+ 1.9
1975	11,145,000	+ 0.1	56,782	- 3.2	509.5	- 3.3
1976	11,229,000	+ 0.8	56,589	- 0.3	503.9	- 1.1
1977	11,245,000	+ 0.1	59,440	+ 5.4	528.6	+ 4.9
1978	11,243,000	- 0.02	56,937	- 4.2	506.4	- 4.2
1979	11,243,000	0.00	60,810	+ 6.8	540.9	+ 6.8
1980	11,351,641	+ 1.0	56,138	- 7.7	494.5	- 8.6

Crime Rate = Crime Index per 100,000 population.

The Crime Index indicates there were 56,138 incidents of Motor Vehicle Theft while Table 25 shows a total of 51,627. The difference of 4,511 consists of Attempted Motor Vehicle Thefts which are not included in the property analysis, and those incident reports for Motor Vehicle Theft that did not include property analysis information.

MOTOR VEHICLE THEFT ARRESTS

Persons arrested for Motor Vehicle Theft during 1980 totaled 5,952 a decrease of 15.1 percent from 1979. Whites arrested accounted for 37.7 percent of this total, Negroes arrested accounted for 52.8 percent, and all other races accounted for 9.5 percent of this total. Males represented 91.6 percent and females represented 8.4 percent of the persons arrested in this crime category. Further details are shown in Table 24.

ARSON

In 1979, Congressional legislation mandated the FBI to reclassify Arson as a Part I Index Crime in the National UCR Program. The Illinois—UCR Program implemented the change in scoring procedures (Arson was scored according to the scoring rules for Part II Offenses from 1972-1979) with the reporting of 1980 data.

Since Arson was not a Crime Index Offense in 1979, it has not been included in the 1980 totals for Crime Index Offenses and Crimes Against Property Offenses. This allows for accurate comparison with the 1979 data. However, arrest information includes Arson figures for both years.

The Illinois Uniform Crime Reporting Program includes Arson—Explosive Device, Arson—Incendiary Device, and Attempted Arson in the data presented under the heading of Arson. It does not include Possession of Explosive or Incendiary Devices.

ARSON ARRESTS

The figures shown in Table 26 represent arrests made for Arson. In 1980, there were 806 persons arrested for Arson, a decrease of 12.5 percent over 1979 arrests which totaled 921. Adults arrested represented 442 or 54.8 percent of the total and juveniles arrested totaled 364 or 45.2 percent. Whites arrested represented 68.5 percent of the total, Negroes arrested represented 26.2 percent of the total and other races represented 5.3 percent of the total. Males accounted for 90.4 percent and females accounted for 9.6 percent of the total persons arrested for Arson.

VANDALISM

The term Vandalism is used in the National Program and includes a broad range of malicious behavior such as cutting auto tires, drawing obscene pictures on public walls, smashing windows, destroying school records, etc. It should be understood that the following statistics are not part of the Crime Index but are presented because of general interest. The Chicago Police Department does not report these offenses; it reports arrest figures in the general Vandalism category and not by the specific Illinois statutes for Criminal Damage to Property as defined in the Glossary.

The Illinois Uniform Crime Reporting Program includes Criminal Damage to Property, Criminal Damage to Vehicle, Criminal Damage to State Supported Property, and Criminal Damage to Fire Fighting Apparatus in the data presented under the heading of Vandalism. There were 157,118 offenses of this classification reported in 1980. This figure represents a decrease of 15,108 or 8.8 percent as compared to the total reported in 1979.

Table 29, on the following pages, depicts the Vandalism Analysis by Place. The most frequent location where Vandalism occurred in 1980 was Highways, Streets, and Alleys, where 30,834 offenses were reported or 19.6 percent. Private residences were the second most frequent location, accounting for 28,611 offenses or 18.2 percent. The total value of property

destroyed amounted to \$23,299,664. Daytime incidents accounted for 63,510 offenses or 40.4 percent, nighttime incidents of Vandalism accounted for 62,121 offenses, or 39.5 percent. There were 31,523 offenses occurring at unknown times or 20.1 percent. The difference of 36 offenses in the Vandalism total represent incidents reported with property analysis, but not included on the offense report.

VANDALISM ARRESTS

The figures shown in Table 28 represent arrests made for Criminal Damage to Property, Criminal Damage to Vehicle, Criminal Damage to State Supported Property, and Criminal Damage to Fire Fighting Apparatus. Because Chicago Police Department only reports arrest statistics for the general category of Vandalism, this agency is represented in the arrest figures in Table 28 but not in the Vandalism offense figures.

There were 20,606 persons arrested for this crime category during 1980. Of this total, 63.0 percent were adults and 37.0 percent were juveniles. Males accounted for 94.8 percent of the arrests while females accounted for 5.2 percent of the arrests. Whites represented 72.3 percent of the total, Negroes represented 22.6 percent of the total, and all other races represented 5.1 percent of the total. Further details are displayed in Table 28.

Table 28
VANDALISM ARRESTS

SECTION II

CRIME INDEX 1980/1979

CRIME INDEX 1980/1979

The Crime Index for all law enforcement agencies, comparing statistics of 1980 to those of 1979, is illustrated in the following tables. The first table, Table 33, is in alphabetical order by county and law enforcement jurisdiction within the county. This table includes statistics reported by colleges, universities, and Secretary of State's Office. The county totals include the data reported by the colleges and universities. Some of the agencies have a numeric indicator preceding the year. The meanings of the numeric indicators are located at the bottom of each page. A number 1—One or More Months Data Missing, means that agency did not submit one or more of the required monthly reports for one reason or another. A number 2—No Index Crimes, means that agency submitted all reports but experienced no Index Offenses throughout the year. A number 3—No Return From Agency, means the agency did not submit any of the required reports for the year indicated. A number 4—Reported Through Other Agency, means the agency submitted incidents of crime primarily through the Sheriff's Office.

Directly following the Crime Index Tables is a listing of contributing and delinquent agencies. It also is in alphabetical order by county and law enforcement jurisdictions and universities within the county.

It was mentioned in the Introduction that there are

many social factors that are related to crime. In making community comparisons these contributing factors must be considered in addition to a community's residential population which is used to calculate the Crime Rate. Communities like Bedford Park and McCook in Cook County have very small populations but have very large moving populations because they are manufacturing areas.

Likewise, Rosemont in Cook County is located adjacent to O'Hare Airport and has a relatively large transient population due to the number of motels within the jurisdiction. As a consequence those large moving populations attract criminal behavior that occurs within these small jurisdictions, and therefore must be reported by each of the law enforcement agencies. The Crime Rate calculation does not compensate for a moving population and when one reads Index material it appears that the crimes are committed by the residents of the community which is not necessarily the case. In conclusion, caution should be exercised when reviewing and using these data.

The tables following the Crime Index display annual 1980/1979 comparison statistics for the Illinois State Police, the Illinois Division of Criminal Investigation, Railroad Police, Park District Police, Hospital Police, and other agencies.

The Crime Index figures for 1979 includes arson offenses reported for that period.

SECTION III

STANDARD METROPOLITAN STATISTICAL AREAS

Figure 2
STANDARD METROPOLITAN STATISTICAL AREAS

STANDARD METROPOLITAN STATISTICAL AREAS (SMSA)

Standard Metropolitan Statistical Areas (SMSAs) are defined by the U. S. Bureau of the Census as follows:

A Standard Metropolitan Statistical Area (SMSA) includes a city of more than 50,000 and the county in which the city is located plus other cities which exhibit strong ties with the city. The county sheriff's office is also included for crime reporting purposes.

A Core City is within an SMSA and has a population of 50,000 or more inhabitants. In certain SMSAs there are "twin central cities" that have a combined population of 50,000 or more inhabitants and together are considered a core city.

A Suburban Area consists of cities and towns with 50,000 or less population including the counties which are within the SMSA. The county sheriff's office is included in the suburban area.

The Rural Area is the unincorporated portion of a county outside the SMSAs. For Illinois Uniform Crime Reporting purposes, the rural area is composed of the Sheriff's jurisdiction outside of the SMSAs.

The Other Cities are urban places outside of the SMSAs. For Illinois Uniform Crime Reporting purposes, there are cities and towns outside the SMSA's, surrounded by rural areas that are not under the jurisdiction of the county sheriff's offices.

Figure 2 is a map of Illinois with the SMSAs outlined with heavy lines. Two of the SMSAs overlap with Iowa and Missouri. Areas outside of the State that are included in an SMSA are deleted from the statistics about to be presented.

SMSA SUMMARY

Table 39 represents summary statistics for 1980 versus 1979 for the Core Cities and Suburban Areas as defined above. These two areas reflect the SMSA data. The estimated population was 9,178,898 in 1980, accounting for 80.9 percent of the State population. The SMSA accounted for a total of 533,807 Index Offenses, or 89.0 percent of the State's Crime Index for 1980. Robbery reflected the greatest change in increase, of 11.4 percent.

SMSA CORE CITY SUMMARY

Core Cities accounted for 4,599,667 inhabitants or 40.5 percent of the State's population and 50.1 percent of the population included in the Standard Metropolitan Statistical Areas. Core Cities accounted for 59.9 percent of the total SMSA Index Crimes and 53.3 percent of the State Index Crimes. Core Cities accounted for 81.5 percent of the Murders and Voluntary Manslaughters that occurred in 1980. Table 40 provides other statistics with regard to Core Cities.

SMSA SUBURBAN SUMMARY

Suburban Areas, like Core Cities, fall within the SMSAs. The suburbs are bounded by the SMSA lines by definition and are outside the Core Cities. Total Suburban Areas accounted for 4,579,231 inhabitants in 1980 which reflects 40.3 percent of the State population. The Crime Index increased 1.7 percent in volume in the suburbs in 1980 with Robbery showing the largest increase, one of 9.3 percent. Table 41 presents further data relating to Suburban Areas for 1980 and compares these statistics to 1979.

RURAL AREA SUMMARY

Rural Areas showed an increase of 15.9 percent in the 1980 Crime Index as compared to 1979. Forcible Rape increased the most of the Crime Index offenses, by 37.0 percent, followed by Burglary which increased by 18.5 percent. Rural Areas accounted for 1,121,600 inhabitants or 9.9 percent of the State population. The Index Crimes per 100,000 inhabitants, or the Crime Rate, for Rural Areas was 1,773.2 in 1980.

OTHER CITIES SUMMARY

The Other Cities consist of 190 cities outside the Standard Metropolitan Statistical Areas and within the Rural Areas. These cities account for 9.3 percent of the State's population and 7.7 percent of the 1980 Crime Index. The Crime Rate increased by 7.2 percent, with Forcible Rape showing the greatest change when compared to 1979, an increase of 21.8 percent.

SECTION IV

OFFENSE AND CLEARANCE DATA

1980/1979 OFFENSE SUMMARY

Offense data summarized on the State level is represented in the Offense Summaries shown in the following tables. Table 44 is the 1980 Offense Summary and Table 45 is that for 1979, printed for comparison purposes. The following briefly narrates the charts to assist the reader in interpreting them.

The first column contains the four digit offense code related to the *Illinois Revised Statutes*. The second column, entitled Offense Classification, contains the descriptors of each offense code. (The Offense Code Sheet utilized for I-UCR scoring procedures is reproduced in the Appendix for the reader's reference.) The third column represents the number of Offenses Known to Police. The fourth column, Unfounded, enumerates those offenses that, after investigation, were found to have not occurred. This column also indicates the percent of Unfounded Offenses, to assist the law enforcement agency in maintaining an awareness of the number of calls received for service for criminal activity which did not actually occur. The fifth column, Referred to Responsible Jurisdiction, indicates the number of calls that were received that were found to be beyond an agency's jurisdiction and hence, referred to the responsible jurisdiction. Column six, Offenses Actually Occurred, is calculated by adding the numbers in the Unfounded and Referred to Responsible Jurisdiction columns and subtracting this sum from the number of Offenses Known to the Police. These are the offenses that the police pursued with investigation and solution, and are used in the Crime Index.

The Offenses Cleared columns contain eight sub-columns. The first four sub-columns represent figures on those offenses exceptionally cleared. A case is exceptionally cleared when:

1. The investigation has definitely established the identity of the offender, and
2. There is sufficient information to support an arrest, charge, and prosecution of the offender, and
3. The agency knows the exact location of the offender so he can be taken into custody, and
4. There is some reason outside of police control that stops the police from arresting, charging, and prosecuting the offender.

Some examples of exceptional clearances are:

1. Suicide of the offender.
2. Double murder (two persons kill each other).
3. Deathbed confession (the person responsible dies after making a confession).
4. Offender killed by police or citizen.
5. Confession by offender already in custody or serving a sentence.
6. An offender prosecuted in another city for a different offense by State or local authorities, or prosecuted in another city or state by the Federal Government for an offense which may be the same.
7. Extradition is denied.

8. The victim refuses to cooperate with the prosecution.
9. For some reason outside the agency's control, an offender is prosecuted for a less serious charge than that for which he was arrested.
10. The handling of a juvenile offender, either verbally or by written notice to parents, in instances involving minor offenses such as petty larceny. No referral is made to juvenile court as a matter of publicly accepted policy.

It is recognized that departmental policy in various police agencies permits the discontinuance of investigation and administratively closing of cases in which all possible investigation has been completed. This policy does not permit the offense to be cleared exceptionally. The recovery of property is not reason to clear a case for UCR purposes. The clearing of a case for I-UCR purposes should have no effect on the agency's internal policies for closing a case or discontinuing active investigation.

The column, Fail to File Complaint, is separated from all other exceptional clearances in order to give a clearer picture of those circumstances where the victim refuses to cooperate with the prosecution.

The column, Cleared by Arrest, is self-explanatory. Each of the clearance columns is divided into adult and juvenile sub-columns. The last column gives the total number of clearances and a percentage figure. The percentage figure is the Clearance Rate for that offense. The Clearance Rate is calculated as follows:

$$\text{CLEARANCE RATE} = \frac{\text{TOTAL OFFENSES CLEARED}}{\text{ACTUAL OFFENSES OCCURRED}} \times 100$$

The Offense Summary Report is produced for each reporting agency on a monthly basis, and is summarized on the State level. The Crime Index Report presented previously is developed from this basic report. For example, Attempted Murder, Aggravated Battery, and Aggravated Assault added together, make up the Aggravated Assault category of the Crime Index of the National Program. The data is kept separate on the State level by State statute because the laws describe significantly different criminal behavior and are handled differently by the police and the prosecution.

THE FUTURE OF THE FUTURE

AGE, SEX, AND RACE OF PERSONS ARRESTED AND HELD FOR PROSECUTION OR RELEASED

The total number of persons arrested for all offenses, including the Crime Index offenses, in 1980 was 844,703. In 1979 the total was 795,348; therefore, the 1980 figure represents an increase of 6.2 percent. Males arrested in 1980 totaled 682,584 or 80.8 percent; while females arrested totaled 162,119 or 19.2 percent. Adults represented 84.6 percent totaling 714,679 and juveniles represented 15.4 percent totaling 130,024. Whites arrested accounted for 508,350 persons or 60.2 percent. Negroes arrested accounted for 284,954 persons, or 33.7 percent, and all other races accounted for 51,399 or 6.1 percent. Further details of those persons arrested in 1980 as compared to the figures of 1979 are presented in Table 46.

The Office of Management and Budget revised the standard classifications for the collection of data on race in order to obtain ethnicity information. Therefore, detailed 1979 race data is not applicable for comparison with 1980 data.

The Arrest Rate is defined the same as the Crime Rate:

$$\text{Arrest Rate} = \frac{\text{Total Arrests} \times 100,000}{\text{Population}}$$

Using this formula, the Arrest Rate for Illinois in 1980 was

$$\frac{844,703 \times 100,000}{11,351,641} \quad \text{or} \quad 7,441.2 \text{ arrests per } 100,000 \text{ inhabitants}$$

In 1979 the Arrest Rate was 7,074.2 arrests per 100,000 inhabitants; therefore, the 1980 Arrest Rate represents an increase of 5.2 percent.

Utilizing any of the figures listed below in Table 45, the Arrest Rate can be computed. For example, for white inhabitants the Arrest Rate for 1980 was as follows:

$$\frac{508,350 \times 100,000}{*9,807,818} \quad \text{or} \quad 5,183.1 \text{ arrests per } 100,000 \text{ inhabitants.}$$

The Arrest Rate for Negro inhabitants in 1980 was as follows:

$$\frac{284,954 \times 100,000}{*1,453,010} \quad \text{or} \quad 19,611.3 \text{ arrests per } 100,000 \text{ inhabitants.}$$

*The 1980 estimated population for white inhabitants is 86.4 percent of the State population, and the estimated 1980 population for Negro inhabitants is 12.8 percent.

SECTION V

LAW ENFORCEMENT AGENCY INFORMATION

LAW ENFORCEMENT OFFICERS KILLED—1980

Two law enforcement officers were killed in Illinois in 1980, both by felonious act. In 1979, six law enforcement officers were killed; four by felonious act and two by accident or negligence. A summary of each 1980 case is reported below.

May

A North Chicago Police Department patrolman was shot and killed on May 4, 1980. The patrolman was driving his patrol unit through a business parking lot when he was approached and shot point-blank through the window of his patrol car. Approximately one and a half hours later, a Waukegan police officer stopped a vehicle matching the description of the car in which the suspect escaped. The subject exited the vehicle, opened fire, and wounded the officer. The injured officer was able to return the gunfire, killing the subject.

December

A Rockford Police Department officer was killed while on foot patrol. He observed a suspect going through a ladies purse in an alley. After identifying himself as a police officer, he ordered the suspect to stop but a foot chase ensued. The officer tackled the suspect, and during the struggle, the suspect obtained the officer's .357 magnum service weapon and shot him in the head. The suspect was later arrested by responding officers.

LAW ENFORCEMENT OFFICERS ASSAULTED/BATTERED

Table 47 is a summary of law enforcement officers assaulted or battered as reported during 1980. There are three major divisions of this table: (1) Type of Weapons Used; (2) Type of Assignment; (3) Police Assaults/Batteries Cleared.

The type of weapon refers to the offender's use of a weapon to assault or batter a police officer. The type of assignment means the deployment technique for patrol and answering calls. For example, one column is headed "2-Man Vehicle"—2 men were assigned to a vehicle and this deployment technique accounted for 695 incidents of assault or battery against law enforcement officers. When a "1-Man Vehicle" was deployed with an assist from another "1-Man Vehicle," the assaults and batteries amounted to 395 incidents. The last column of the table displays "cases cleared by arrests" by type of activity. Table 47 indicates that in 1980, 1,614 cases were cleared by arrest out of 1,720 (first column total) cases that occurred.

Line 15, "Time of Assault," is divided into a.m. and p.m. Note that between the hours of 1000-1200 p.m. and 1200-0200 a.m., 713 incidents occurred, or 41.5 percent of the total during the 24 hour time span. The table also shows that the highest frequency of assaults and batteries was when answering disturbance calls followed by attempting other arrests, handling prisoners, and traffic stops.

LAW ENFORCEMENT EMPLOYMENT INFORMATION

Statistics gathered on law enforcement employment detail several types of agencies. The totals explained in the following section do not include police employment figures for colleges, universities, railroads, park districts, hospitals, or the Department of Law Enforcement. Tables 50, 51, 52, 53, and 54 provide a breakdown of employees for these various types of agencies. Tables 48 and 49, following this narrative, detail the summary figures presented below by individual police department and sheriff's office.

The number of sworn officers, full-time and part-time, employed by police departments and sheriffs' offices amounted to 28,824 during 1980. There were 6,089 civilian employees of police departments and sheriffs' offices.

Civilians comprised 16.4 percent of the police work force, representing 4,998 of the 30,507 employees of police departments throughout the State. The number of sworn employees of police departments per 1,000 inhabitants of the police department's jurisdiction was 2.8 during 1980.

Sheriffs' offices employed a total of 3,315 full-time and part-time sworn officers. Civilians comprised 24.8 percent of the employees of sheriffs' offices, or a total of 1,091 persons. In sum, sheriffs' offices employed a total work force of 4,406 persons.

The number of sworn officers, both full-time and part-time, of sheriffs' offices per 1,000 inhabitants of the sheriff's offices' jurisdiction is 1.4.

Calculation of employees per 1,000 inhabitants is accomplished by using this formula:

$$\text{EMPLOYMENT RATE} = \frac{\text{NUMBER OF EMPLOYEES} \times 1,000}{\text{JURISDICTIONAL POPULATION}}$$

Example:

A given department has 60 employees. What is the manpower ratio per 1,000 inhabitants where the population is 51,000 inhabitants?

$$\text{ER} = \frac{60 \times 1,000}{51,000} = 1.2 \text{ per } 1,000 \text{ inhabitants}$$

If the number of full-time sworn officers per 1,000 inhabitants is needed, the above formula is utilized, scoring the number of full-time officers for the number of employees.

Law enforcement employees per 1,000 inhabitants should not be used in relation to the Index Crimes because non-index offenses and the many services performed by the typical law enforcement officer amount to over 80 percent of the officer's workload. The details of this workload usually remain unpublished. Again, each community should consider all the factors related to the causes of crime and determine the role of the law enforcement department relative to crime and to services that are required.

GLOSSARY

GLOSSARY

The Crime Index Offenses are defined below, as listed in the Illinois Revised Statutes, Chapter 38, in alphabetical order.

Aggravated Assault

12-2 § 12-2.

- (a) A person commits an aggravated assault, when, in committing an assault, he:
 - (1) Uses a deadly weapon.

Other sub-paragraphs of this statute are accounted for in the I-UCR Program under a sub category in order to be consistent with the National Program. The intent here is to threaten great bodily harm both at the State and National level regarding Index Crimes. Aggravated Battery is the furtherance of the Assault Whereby physical contact is made resulting in great bodily harm.

Aggravated Battery

12-4 § 12-4.

- (a) A person who, in committing a battery, intentionally or knowingly causes great bodily harm, or permanent disability or disfigurement commits aggravated battery.
- (b) Uses a deadly weapon.
- (c) A person who administers to an individual or causes him to take, without his consent or by threat or deception, and for other than medical purposes, any intoxicating, poisonous, stupefying, narcotic or anesthetic substance commits aggravated battery.

Armed Robbery

18-2 § 18-2.

- (a) A person commits armed robbery when he violates Section 18-1 while armed with a dangerous weapon.

Arson

20-1 § 20-1. A person commits arson when, by means of fire or explosive, he knowingly:

- (a) Damages any real property, or any personal property having a value of \$150 or more, of another without his consent; or
- (b) With intent to defraud an insurer, damages any property or any personal property having a value of \$150 or more.

Property "of another" means a building or other property, whether real or personal, in which a person other than the offender has an interest which the offender has no authority to defeat or impair, even though the offender may also have an interest in the building or property.

Burglary

19-1 § 19-1. A person commits burglary when without authority he knowingly enters or without authority remains within a building, house trailer, watercraft, aircraft, motor vehicle as defined by the Illinois Vehicle

Code, railroad car, or any part thereof, with intent to commit therein a felony or theft.

Motor Vehicle Theft

(See the definition of Theft.)

Murder

9-1 § 9-1.

- (a) A person who kills an individual without lawful justification commits murder if, in performing the acts which cause the death:
 - (1) He either intends to kill or do great bodily harm to that individual or another, or knows that such acts will cause death to that individual or another; or
 - (2) He knows that such acts create a strong probability of death or great bodily harm to that individual or another; or
 - (3) He is attempting or committing a forcible felony other than voluntary manslaughter.

Rape

11-1 § 11-1.

- (a) A male person of the age of 14 years and upwards who has sexual intercourse with a female, not his wife, by force and against her will, commits rape. Intercourse by force and against her will includes, but is not limited to, any intercourse which occurs in the following situations:
 - (1) Where the female is unconscious; or
 - (2) Where the female is so mentally deranged or deficient that she cannot give effective consent to intercourse.
- (b) Sexual intercourse occurs when there is any penetration of the female sex organ by the male sex organ.

Robbery

18-1 § 18-1.

- (a) A person commits robbery when he takes property from the person or presence of another by the use of force or by threatening the imminent use of force.

Theft

16-1 § 16-1. A person commits theft when he knowingly:

- (a) Obtains or exerts unauthorized control over property of the owner; or
- (b) Obtains by deception control over property of the owner; or
- (c) Obtains by threat control over property of the owner; or
- (d) Obtains control over stolen property knowing the property to have been stolen by another or under such circumstances as would reasonably induce him to believe that the property was stolen, and

- (1) Intends to deprive the owner permanently of the use or benefit of the property; or
- (2) Knowingly uses, conceals or abandons the property in such manner as to deprive the owner permanently of such use or benefit; or
- (3) Uses, conceals, or abandons the property knowing such use, concealment or abandonment probably will deprive the owner permanently of such use or benefit.

Voluntary Manslaughter

9-2 § 9-2.

- (a) A person who kills an individual without lawful justification commits voluntary manslaughter

if at the time of the killing he is acting under a sudden and intense passion resulting from serious provocation by:

- (1) The individual killed, or
- (2) Another whom the offender endeavors to kill, but he negligently or accidentally causes the death of the individual killed.

Serious provocation is conduct sufficient to excite an intense passion in a reasonable person.

- (b) A person who intentionally or knowingly kills an individual commits voluntary manslaughter if at the time of the killing he believes the circumstances to be such that, if they existed, would justify or exonerate the killing under the principles stated in Chapter 38, Article 7, but his belief is unreasonable.

OTHER OFFENSES

Criminal Damage to Property

21-1 § 21-1. Any of the following acts, except any act described in paragraph (g), is a Class A misdemeanor and any act enumerated in paragraph (a) or (f) when the damage to property exceeds \$150 is a Class 4 felony;

- (a) Knowingly damages any property of another without his consent; or
- (b) Recklessly by means of fire or explosive damages property of another; or
- (c) Knowingly starts a fire on the land of another without his consent; or
- (d) Knowingly injures a domestic animal of another without his consent; or
- (e) Knowingly deposits on the land or in the building of another, without his consent, any stink bomb or any offensive smelling compound and thereby intends to interfere with the use by another of the land or building.
- (f) Damages any property, other than property described in Subsection 20-1(3), with intent to defraud an insurer.
- (g) Knowingly shooting of a firearm at any portion of a railroad train is a Class 4 felony.

Criminal Damage to State Supported Property

21-4 § 21-4. Any of the following acts is a Class A misdemeanor when the damage to property is \$500 or less, and any such act is a Class 4 felony when the damage exceeds \$500:

- (a) Knowingly damages any property supported in whole or in part with State funds or Federal funds administered or granted through State agencies without the consent of the State; or
- (b) Knowingly, by means of fire or explosive damages property supported in whole or in part with State funds or Federal funds administered or granted through State agencies; or
- (c) Knowingly starts a fire on property supported in whole or in part with State funds or Federal funds administered or granted through State agencies without the consent of the State; or
- (d) Knowingly deposits on land or in a building supported in whole or in part with State funds, or Federal funds administered or granted through State agencies without the consent of the State, any stink bomb or any offensive smelling compound and thereby intends to interfere with the use by another of the land or building.
